

TO WHOM IT MAY CONCERN

It is my pleasure to write a recommendation letter for Ms. Layan Mohammed Alharbi (Student No. 444001325). I taught her Scientific Methods course.

Ms. Layan Mohammed Alharbi is very punctual and eager in her work habit; makes every possible effort to achieve an excellent performance in her study; and is an independent individual as well as a positive achiever.

Therefore, I have a positive opinion in her favour of her postgraduate studies, and I encourage your consideration to accept her as a candidate.

Dr. Areej Alsini

Assistant Professor
Computer Science and Artificial Intelligence Department
Collage of Computing
Umm Al-Qura University
Makkah, Saudi Arabia
